1. Notes

- 1.1. All of the gloves were children or youth gloves purchased in Canada in February of 2024.
- 1.2. The products were purchased at Canadian Tire, Sport Chek, and Walmart in Ontario.
- 1.3. 8 out of 11 tested contained, in at least one fabric, water soluble PFAS.
- 1.4. The testing results were consistent with fluoroacrylic coatings on fabric.
- 1.5. None of the gloves were non-compliant with current Canadian regulations for PFAS.
